SUMMARY

I am a fresh graduate and productive designer who is used to working in an international environment, but I also perform well on my own. In terms of my work, I take an analytical approach and work quickly to complete my tasks. I am confident in my capacity to put information into action that produces results. User Experience Design is my area of career love.

WORK EXPERIENCE

Capstone Project

Philippine Baptist Christian College of Mindanao Inc.,

- web-based student financial account management system explores designing and implementing a comprehensive platform to enhance the complex process of managing student finances in educational institutions.

Mar 2022 to June 2023

Project Link: <https://walrus-app-fg8g5.ondigitalocean.app/login>
